“ I remember lots of happy times with Becky. I was so excited when she was born. Spent lots of time with her. My dad and Mom (becky' s grandparents) would go get her almost every Friday after school and keep her for the week-end. One time she found some baby rats and brought them home. Her mom talked a neighbor into

"buying" them. Don't remember what they told Becky about him not keeping them. she had a skunk for a pet. She was a beautiful little girl with head full of curls. Becky was spoiled and cared for by Aunts and Uncle along with her Mother, dad and grandparents. Love Aunt Patti

“ Becca has been my bestest friend and neighbor for 6 full years, not a very long time but enough to get to know such a funny and kind lady! We took care of community cat's together and she was always caring for some furry creature who needed it, as her Aunt Patti has remembered as far bawk as childhood. I loved her sense of humor and kindness - always wanting to help someone or some animal. I miss her so and will cherish our memories of being best friends forever. My synpathies are forwarded along to her children and friends-all who knew and loved Rebecca. She leaves a bunch of furried friends behind who deelpy miss her as i do. My heart and life has been forever touched. I miss my bestie!
